The Bolivarian Alliance for the Peoples of Our America – Peoples' Trade Treaty (ALBA-TCP) categorically condemn the sabotage operations to the national electrical system and communications in general in the sister Bolivarian Republic of Venezuela, this Friday, August 30, 2024.

This vandalic and criminal act by a fascist sector that does not accept the will of the Venezuelans and insists on continuing with its coup plans, is a direct attack on the people, which seriously affects their welfare and development, with enormous consequences on their physical and psychological health, hindering them from carrying out their daily routine, buying food and medicines, working, among other matters.

The Bolivarian Alliance supports all actions of the Venezuelan government to restore normality, hold perpetrators accountable and bring peace of mind to a noble and hardworking people, who have overcome every attack with great resilience and who have no other horizon than progress and wellbeing.

ALBA-TCP strongly repudiates the direct, blatant and flagrant violation of the human rights of the Venezuelan people and demands an end to the harassment of this sister nation.
