

## **ALBA-TCP RAISES ALERT ON CONSEQUENCES OF ESCALATING VIOLENCE IN THE MIDDLE EAST**

The member States of the Bolivarian Alliance for the Peoples of Our America – People's Trade Treaty (ALBA-TCP) alert on the escalation of excessive violence and the expansion of war in the Middle East.

ALBA-TCP has been condemning and raising the alert about the irreparable consequences that the genocide of the Palestinian people initiated by the Israeli government is causing in the entire Middle East region. Israel has flagrantly violated every rule of coexistence between States, every law established for the respect between nations and even the sacred right to life of those who do not share its ideology. It is a matter of deep concern the impunity with which Israel attacks any country with the public and blatant support of the U.S. government.

The Bolivarian Alliance condemns all the attacks that Israel has perpetrated in a consecutive, abrupt and inhumane manner, opening an ever-deeper breach to achieve peace and stability in the region and for the world to regain the tranquility it has lost as a result of this situation.

The ALBA-TCP member countries, in accordance with the rules of international law and the purposes and principles of the Charter of the United Nations, will make all necessary efforts so that the international community reacts to this wave of death and injustice and stops the destruction of humanity at the hands of the Israeli government. ALBA-TCP stands in solidarity with all the nations that today are victims of their criminal aggressions and hopes that their peoples will once again live in family, peace and harmony.
